A DESPERATE YOUTH.

A young man, giving his name as Harry Khon, of Chicago, Ill., was committed to jail this morning for highway robbery and assault on an officer. He had been drinking heavily, and Saturday night held up a fourteen-year-old boy. Palmetto Mangum, and at the point of a revolver demanded five cents from the boy, who told him he did not have five cents, but if he would let him go he would get it for him. Instead, however, the boy ran to the police station and reported the case. An officer went after him, and in resisting errest the man put a pistol at the officer's breast and pulled the trigger, but fortunately the hammer caught on the officer's thumb.

Governor Aycock says it will be several days yet before he announces the disposition he will make of the proposition of the Atlantic Railroad Company to lease the A. and N. C. Railroad from Goldsboro to Morehead.

Lineman Has Narrow Escape From Death.

(Special to The Times-Dispatch.) GREENSBORO, N. C., Nov. 80.-Mr. F. (Special to The Times-Dispatch.)
GREENSBORO, N. C., Nov. 30.—Mr. F.
H. Griffin, of Atlanta, one of the most
reliable and careful of the linemen now at
work here putting in improvements for the
Bell Telephone Company, had a fall this
morning which may cost his life. He was
on the cross beam of a pole, fifty feet
from the pavement. To enable him to do
a particular piece of work, he unclasped
the strap of his safety belt, and from
numbness from cold, or, other cause, he
lost his balance and fell fifty feet to
the pavement below. He struck on his
feet, and both legs were broken abovethe knee, one arm was broken and it is
feared that he sustained internal injuries.
There is renewed talk of the rumor
mentioned a month ago, of the Southern
Railway romoving its freight transfer
station from Sallsbury to Greensboro.

Railway removing its freight transfer station from Salisbury to Greensboro. While not verifying the report, a railroad man said to-day that Greensboro had become the logical point for the transfer offices and station, being the point where the shipments of freight from the North meet, about equal amounts coming from Pinner's Point via Raleigh and from the Danville main line, and for that reason alone it would be a far better distributing point. Within the past year son alone it would be a far better dis-tributing point. Within the past year the offices of the general superintendent and a number of other railway officials have been transferred to Greensboro, and that makes the rumor of the transfer of the freight distributing offices here the more believed in. Mr. Silas Dodson, who has been cashier

for the Southern Railway freight office here for twenty-five years, has, owing to ill health, resigned his position. He is succeeded by Mr. George F. Newman, his former clerk. Mr. Charles W. Dudley billing clerk, succeeds Mr. Newman, and Mr. Ernest Causey has been engaged as billing clerk.

The Canning Industry Overdone and Some Lose Money.

(Special to The '....es-Dispatch.) HAGUE VA., Nov. 20 .- The farmers have about finished sowing wheat. Very few fields are looking green, as most of the wheat was sowed very late. As it is largely on corn land and the scarcity of labor, together with the marketing of the tomatoes, and saving the fodder has greatly delayed matters. Several new corn harvesters and shreddesr have been in use here. The corn crop is nearly all housed. The yield has been more variable they usual. Some crops are very good. housed. The yield has been more variable than usual, Some crops are very good, and some very poor; the average is rather below par. The tomate canners have been settling up more promptly with the raisers than was feared. The canners have rather overstocked the market, and very few, if any, will make any profit; some will lose heavily, and some have failed.

The tomate prospect for another year is rather blue, and probably a numerb of the canneries will be idle.
